

Fifteen Thousand Unemployed Here

*Labor Temple Investigators Say
This Figure is the Very
Minimum*

The investigation of unemployment in the city, which is being carried on by the Labor Temple, under the direction of Alderman Robbins and Mr. Charles Hall, will probably be completed next week. Already in Wards One and Two nearly 2,000 unemployed have been found, and the average is about 22 to a subdivision, which would give 15,636 for the 713 subdivisions of the city. More than half of the work has already been done, and it is estimated that from 15,000 to 25,000 unemployed will be found.
