

## ALIENS MUST REGISTER

Since Inspector Jennings, of the Mounted Police, opened his office in connection with the registration of alien enemies of the Empire, he has issued papers to some twenty men who had not been naturalized before war broke out. Those who are required to register are Austrians, Hungarians, Turks and Germans. The district over which Inspector Jennings has jurisdiction is within a radius of twenty miles of the city, and the order-in-council provides as follows:

Every alien of enemy nationality residing or being within any of the cities, towns or places so designated as aforesaid, or within twenty miles thereof, shall as soon as possible after the publication of the Canada Gazette of a proclamation designating such city, town or place as one wherein a registry office is to be established under this ordinance attend before the registrar or one of the registrars, for the city, town or place within or near which he is or resides and truly answer such questions with regard to his nationality, age, residence, occupation, family, intention or desire to leave Canada, destination, liability and intention as to military service, and otherwise, as may be lawfully put to him by the registrar.

If any alien of enemy nationality who is by the terms of this ordinance required to register, fails to do so after one month after publication of the proclamation referred to in section 4 of this ordinance, or within seven days after the date when he shall by reason of his residence come within the description of those required to register, which ever date shall be last, or if he refuse or fail to answer truly any of the questions put by the registrar or if, being registered he fail to report as herein before required or to observe any of the conditions on which he

is permitted to be at liberty, he shall in addition to any other penalty to which he may be therefor by law liable, be subject to internment as a prisoner of war.

The Inspector's office is in the new First street market and it will be necessary that all alien enemies comply immediately with the order-in-council as quoted above.
