

# Two Albanians Ask To Leave Country

---

## Registrar of Alien Enemies Decides They May Not

---

Is an Albanian an alien enemy? May he leave this country at will? The questions were put last night to Mr. A. J. Russell Snow, K.C., registrar of alien enemies by two Mohammedans who want to go home from Toronto to Albania.

Mr. Gurofsky, ticket agent, phoned several times last night to Mr. Snow to know if he would give permission for the sale of tickets to them. Mr. Snow decided that he would not give the permission. Mr. Gurofsky sent a clerk with the two men to the registrar's office this morning. Not finding Mr. Snow there, they went on to the City Hall, where the registrar is in attendance on the Union Life trial.
