## ***Dr. Dreher Making Inquiries Regarding the Ulrich Case***

---

The case of Richard Ulrich, who was arrested at Mount Dennis as an alien enemy and who claims to be an American citizen, has been brought to the attention of Dr. Julius Dreher, United States Consul. Mr. Ulrich is interned in Stanley Barracks and has been there for several days. Mr. Dreher is looking into the case and if Ulrich's claim of American citizenship is proven, will take whatever action necessary, which probably means bringing the matter to the attention of General Otter.
