

ALIENS MUST REGISTER.

**Given Until Middle of Present Month
—Notices Are Being Posted**

Notices to alien enemies, informing them that they must be registered by February 15th, or they will be arrested as prisoners of war, are being posted at all available points, which will afford sufficient publicity, within a twenty-mile radius of Toronto. It is sought to get the names of all those not yet on the rolls as soon as possible. The notices state that "no exceptions will be made, and no excuses will be taken for non-compliance with this order."
