
ALIENS ARE WARNED.

This is the Last Day For Registration.

To-day is the last day for registration, and all **alien enemies** who have failed to put in an appearance by that time will be liable to internment. It is known that there are a large number of subjects of the **enemy** who are either sulking, or who do not take the matter seriously enough. These, however, will not remain long in obscurity. A house-to-house canvass will be made by the soldiery, who will effectively deal with delinquents, treating them as virtual prisoners of war.

An Austrian was interned yesterday for loitering in the vicinity of the waterworks. He stated that he was looking for work. He was arrested by the military guard.
