

Park Work

Married Men and those Deserving get Work

Granting that the Park at Banff will receive money to continue Park up-keep, it is the vowed intention of Superintendent Jack Clarke to employ no one but married men, or in cases where sisters or mothers are dependent on some one man, then he will be considered in the class of married men, and further no others than Britishers or Canadians will receive consideration. Off and on small contingents of men will be hired as fast as the small money grants can be had from Ottawa. But no large number can be put on the payroll until it is definitely known by Superintendent Clarke how much the Parks will receive to be expended.
