

Had Rendered Excellent Service.

Major H. J. Dawson who is in command of the Fort Henry Internment camp, has rendered splendid service. He was chosen for the post because of his especial fitness. There have been probably altogether one thousand prisoners incarcerated at various times at Fort Henry, and not one has escaped, although there are a number among the alien enemies of Canada in his charge who would do so if the chance afforded. With the guard at his disposal, Major Dawson has done more than could have been expected of him.
