

# Another Military Arrest

---

Dr. Lachmann, German officer, social lion and clubman of St. Catharines is under arrest, being detained by the military authorities.

Lachmann, who went to Merriton some time ago, to take a position as superintendent of the Lincoln Paper Mills, when brought before Lt.-Col. Campbell Monday, admitted that he was a German citizen and a lieutenant in the German army.

Since he arrived, the Doctor has moved in the best circles in St. Catharines and was given all the privileges at the club there.

He took his arrest coolly. The military authorities decline to say what the particular accusation is.
