

## TWO GERMANS ~~INTERNE~~

Walter Benkert and Fritz Loch Locked Up This Afternoon.

Two Germans of distinctly different types were brought before Capt. Wanless, Registrar of Aliens, on Tuesday, and after an examination were sent to the Court street station, from which point they will be taken under armed guard to Stanley Barracks and interned.

Fritz Loch, the second man, of 21 Fairview boulevard, was interned for spreading pro-German propaganda.

Benkert, an employe of the W. R. Brock Company, has been rejoicing over the sinking of the giant Cunarder. He took the attitude that because the Lusitania carried "munitions of war" it deserved to be destroyed.

The case of Fritz Loch was entirely different. Loch, a well-dressed, dapper little chap, is a member of Broadview Y. M. C. A. Asked what he thought about the destruction of the Lusitania, Loch replied that he was very sorry that the ship had been torpedoed; that he sympathized with the relatives of the lost ones, but did not care to discuss the subject further. And he was ~~interned~~.
