

BRAGGING GERMAN PUT UNDER ARREST

A German aboard one of the N. St. C. & T. cars yesterday morning got very violent in his denunciation of the British; his denunciation was equalled by his enthusiasm over the loss of the Lusitania, and his hopes that every Britisher would be slaughtered. A lady who was on the car waited until Port Colborne was reached, when she told a lieutenant of the Frontier Protective force and the man was promptly placed under arrest.
