

## COMPLETES FIFTY YEARS IN ST. ANDREW'S SOCIETY

### JOHN ROSS ROBERTSON MADE HONORARY LIFE MEMBER—20 MEMBERS AT FRONT.

Having completed fifty years' membership, Mr. John Ross Robertson was last night made an honorary life member of the St. Andrew's Society, at a meeting held at the Queen's Hotel. Col Michie presided.

Mr. J. S. Skeaff, the Secretary-Treasurer, presented a report, dealing with the relief work of the Society for the past three months. Between \$400 and \$500 was expended in affording relief to deserving applicants.

While the amount of relief given by the Society during the past winter was much larger than in the corresponding year, the report for March showed a marked decrease in the number of applications for assistance.

The members decided to dispense with the usual summer quarterly meeting, and arranged to hold the next session in October.

It was stated by Secretary Skeaff, that twenty members of the Society are serving their country on the firing line, including quite a number of officers in the 48th Highlanders at the front.

### Goad Alien Enemies Into Ugly Comments

Since the sinking of the Lusitania Police Headquarters have been besieged by persons who claimed that paroled alien enemies were expressing their sympathies in strong pro-German ways. Much work has been thrust upon the police by these complaints, many of which have proved to be groundless and not substantial. Some of them, however, have resulted in internments. In discussing the situation, a police officer pointed out that since the disaster citizens had not hesitated in their efforts to antagonize Germans and Austrians who have oftentimes been goaded into making seditious and incendiary remarks, which have resulted in a visit to the Registrar of Alien Enemies and internments.

### OFFICERS' CERTIFICATES.

In the regimental orders of the Royal Grenadiers, issued last night, the granting of the following certificates was announced: Captain H. C. Osborne, Infantry, Field Officer; Lieut L. C. Outerbridge, Infantry, Captain; Lieut. A. E. Duncanson, Infantry, Captain; Lieut. S. C. S. Kerr, Infantry, Captain.

### TALKS TO "GRENS."

Lieut. Neale, of the 3rd Battalion, and a member of the Grenadiers, who has been granted sick leave from France, visited the Armouries last night for the first time since his arrival home, at the first of the week, and delivered a lecture. While fighting in the trenches Lieut. Neale was taken sick with neuritis. He will report for duty in England on June 16th.
