

CAPTURE 2 AUSTRIAN RESERVISTS

Cardston, June 9.—The town was agog with curiosity today when Corporal Painter, of the local R.N.W. M.P. force brought two Austrian reservists into town.

They were captured by the corporal some twenty miles south of Cardston and were obviously endeavoring to make their way to the States and from there to join their units at the front. They are both laborers but speak fluent English. Tomorrow they will be taken by the captor to Macleod, and from there will in all probability be transferred to Lethbridge internment camp. The prisoners, who seemed to be in fairly good humor, but were suffering from lack of tobacco.
