(Special Despatches to The Globe.)

Sault Ste. Marie, Ont., July 28. —

Fifty more men, comprising the Soo's fifth contingent, were given a rousing send-off this afternoon as they left for Niagara. In addition to sending these men the City Council has decided to contribute two machine guns, one to be paid for by the city and the other by public subscription.

Forty interned prisoners also left this morning for the **internment** camp at Kapuskasing.

50 Wellanders.

Welland, July 28.—Welland gave a rousing farewell to a quota of 175 men, under command of Capt. Briscoe, who left to join the 76th Battalion at Niagara Camp. The quota included more than fifty young men of Welland secured by a special appeal of the 44th Regiment for residents of the town to enlist. The past two contingents have had very few actual residents of Welland.

87 From St. Catharines.

St. Catharines, July 28.—Eighty-seven men of the fourth infantry contingent from St. Catharines left to-day for Niagara to join the 76th Battalion.

20 Young Men from Paris.

Paris, Ont., July 28.—Already upwards of 100 men from Paris are at the front or in training camps, and this morning twenty-nine of the finest young fellows that any town could wish left with the 38th Dufferin Rifles for Niagara Camp. The boys each received a ten-dollar bill from the citizens. Within the past two weeks over thirty have enlisted in the 25th Brant Dragoons.
