

FIVE ALIENS

MADE TROUBLE

Guard Had Difficulty with Interned Men on Sunday Morning—
Five are Implicated

There was a little trouble with five of the alien enemies interned here on Sunday morning when they resisted the authority of the guard. As a result the men are before a military court.

It appears they were going through the door leading out of their quarters when they appeared to be crowding unduly. They were ordered to stand back and one man refused to obey. Four others showed signs of being mutinous also and they were all taken to the guard room. It is not thought that the affair was premeditated and no others were implicated.
