

JASPER CAMP TO TAKE BRANDON'S PRISONERS

Foreigners Interned in Northern Alberta Will Work on Roads

Special to The Daily News.

Edmonton, Dec. 15. — Captain Palmer, is in the city, having just returned from Jasper, where he was completing arrangements for the erection of buildings to accommodate prisoners who are now in the tentment camp at Brandon.

The houses will be of log, and there will be a sufficient number to accommodate 200 prisoners, as well as quarters for a military guard of 75, with officers' quarters.

As soon as these are erected the prisoners will be transferred to their new quarters, where they will be put to work making roads.
