

SAYS BRIBES BOUGHT ALIENS FREEDOM

Senator Cloran Makes Serious Charges Against Officers of Internment Camp.

Ottawa, March 15.—Charging that bribery of officials resulted in the escape of interned aliens at the internment camp at Amherst, N. S., Senator Cloran in the Senate last night moved for a return showing the names of all employes of enemy race by birth or extraction, in the Federal service and also for the names of Canadian subjects in the public service of the enemy nations.

Senator Cloran stated that Commandant of the Camp at Amherst had encouraged the escape of German prisoners. He quoted a letter from "a friend of Canada" in the United States stating that all the blame should not be put on the guards, as there were others outside the camp who were worse traitors.

Senator Cloran also said a prominent resident of New Brunswick for several months watched the shipment of war material from Humphrey's Mills, N. B., to the Militia Department at Ottawa, and had been communicating the information to the head of the Huns at St. John and Halifax.
