

# ALIENS IN OUTLYING POINTS TO KEEP GUNS, DECIDES R. N. W. M. P.

## Retain Arms for Purpose of Hunting and Securing the Necessary Food

---

Some time ago the government ordered that the arms of aliens from countries at war with Great Britain, living in the districts, forward their arms to the government through the R.N.W.M.P. and in failure of them to do so, the arms would be confiscated. Supt. T. A. Wroughton, of the R.N.W.M.P., has received numerous requests, more particularly from men living at far outlying points, asking that they be allowed to retain their arms for the purpose of hunting and securing the necessary food for to sustain life. The superintendent has considered the character of those men making the requests and in cases where the individual is of good repute the arms are left with him, and he is able to supply his family with game.
