

Entrance to Canada Barred. — J. Bruce Walker, Dominion Immigration commissioner, declared yesterday that if any members of the Industrial Workers of the World attempt to come into Canada by way of Emerson they will be arrested and turned back. Mr. Walker said: "My inspectors don't need any special instructions from me in this instance. Some of the I.W.W. members are trying to get through, as evidenced by their recent actions at

North Portal, Sask., but they won't get into Manitoba and if they get in further west, the Royal Northwest Mounted Police will make short work of them."
