

MANY AUSTRIANS NEAR THESSALON

Are Being Employed Along the Line of the C. P. R.

Thessalon, Sept. 1.—A couple of hundred of the, released Austrians from the concentration camp at Spirit Lake, Quebec, are working on the C. P. R. in this vicinity. Their boarding cars are on the siding at Sherwood and many of them have walked into town in the evenings. They are fond of their beer and inclined to be jolly with their drink, but so far have not been at all quarrelsome. They keep to themselves pay for what they get and apart from their somewhat boisterous conversation, have not given any cause of complaint.
