

ALIEN ENEMY WARNED FOR NOT REPORTING AS REQUIRED BY LAW

An Austrian named Walanty Ruper appeared before Magistrate Fraser on Saturday afternoon charged with failing to report in accordance with the provisions of the Alien Enemy Registration Act.

Defendant pleaded that he could not find time to report, but promised that he would not fail to do so in future.

The police evidence showed Ruper had not reported since April 27th, 1916.

Magistrate Fraser said that should the defendant or any other offender appear before him in future on a similar charge, he would make an example of him in such a way as would enforce due respect being paid to the provisions of the law. After this warning, the defendant was allowed his liberty on paying the costs of the court.
