

WILL INVESTIGATE ALIEN EMPLOYMENT

Inspector of Mines to Conduct
Searching Inquiry at
Nanaimo.

(World's Special Service)

NANAIMO, B. C., Jan. 26.—Mr. Thomas Graham, inspector of mines, is here with instructions from the minister of mines to probe to the bottom alleged wholesale employment of alien enemies in the coal mines here. It is understood that he has the fullest authority to look into the matter thoroughly since no little dissatisfaction has been occasioned here of late by the employment of a number of alien enemies recently released from the internment camps in the interior.
