

Aliens Discharged.

The **Enemy Aliens** Committee brought in a report showing that a certain munitions factory had discharged every alien laborer from their employ last Monday night.

Previous to the business session of the branch a short concert was given, consisting of musical numbers by Comrades B. Wilton, J. Newell, and A. Stevens.

The main features of the evening were the numbers rendered by the Parkdale War Veterans' orchestra, under the leadership of A. Stevens. Strains from tuneful operas and quick marches delighted both the men and the officials. The recitation of Kipling's "Snarleyow," by Prov. Secretary Wm. Turley, was loudly applauded.

Applications for the positions of secretary-treasurer of Parkdale G. W. V. A. will be received by the executive until April 11th, at which date the executive will make a recommendation, to be forwarded to the general meeting of April 12th.
