

QUEBEC'S EVIL GENIUS.

To the Editor of The Globe : I appreciate your attitude towards Henri Bourassa so much, as constantly set forth in your editorials, that I can no longer refrain from telling you so. If some other of our dailies and weeklies would follow your splendid example perhaps the miserable runt would find himself where he belongs, in an alien **internment** camp.

THE HELD CASE.

To the Editor of The Globe : In the matter of the Held case now before the Board of Education, Mrs. Courtice deserves the thanks of all good citizens for her courageous stand for British fair play. If the five trustees who voted to refuse an investigation imagine they are reading public sentiment correctly they are much mistaken, for their action is absolutely un-British and unfair.
