

## At Kapuskasing.

"Conditions at **Kapuskasing** Veterans' Camp are in a satisfactory condition," said Provincial Secretary Turley, of the G. W. V. A., who returned to the city yesterday after a ten days' trip in Northern Ontario. "It is true that the clearing of land has not been as rapidly effected as might be desirable, but this has been due to a lack of the labor required for such work.

"Col. Innes and the officials under him are, I firmly believe, giving the men the best deal possible under the circumstances.

"Before I left **Kapuskasing** the men unanimously passed a resolution giving it as their opinion that the Government were using every opportunity of giving them a square deal, and that they were satisfied that any necessary help in the future would be ungrudgingly forthcoming."
