

CANCEL ALIEN EXEMPTIONS.

WINNIPEG, Man., June 11.—

Aliens of military age are being put into the non-combatant service of the Canadian army. The War Times Election Act, according to statements made here yesterday, does not exempt them from non-combatant service. As a result a large number are being put in khaki because of the calling of B. class men, and a number of aliens' exemptions were cancelled by local draft judges.
