

**Evaders Being Corralled**—Three men were brought in to the provincial court yesterday morning by the military police, charged with infractions of the Military Service act. Charles Welgon was fined \$25 and costs and turned over to the military. Frederick Preston declared himself to be only 17 years of age, although investigation proved him to have reached manhood, being really about five years older than he said he was, but as he is an alien, and therefore not liable to service, he was dismissed, but had to pay \$10 and costs. Another alien enemy, Karol Dzislak, who did not have his papers, was fined the costs of the court. Both he and Preston will have to report for registration as aliens.
