

## NEW EMMIGRATION COMMISSIONERS

Following out the new system of dividing Canada into three districts for the purposes of Immigration Department, W. R. Little, Ottawa has been appointed Commissioner for the eastern district from the Atlantic coast to the Lake of the Woods; Percy Reid, an official of the Immigration Department to be Commissioner, temporarily of the western district, running from the Lake of the Woods to the Rock Mountains, and A. L. Joliffe to be Commissioner for the Pacific coast section.

Mr. Reid will live at Winnipeg, and Mr. Joliffe will stay at Vancouver, where he is now Immigration Agent. Bruce Walker, for some years Commissioner of Immigration at Winnipeg has been given control of the publicity work for the Immigration Department.

These Commissioners will have jurisdiction over the admission or rejection of immigrant for their respective districts as well as all other work of the department relative to their district, reporting to Ottawa. Up to date the only Commissioner has been in Winnipeg, and this new arrangement has been made because in the future immigration problems will be much more complex than in the past, and the immigration policy may possibly be different.
