

Vancouver, Feb. 24—Hearty endorsement was given to the resolution recently passed by the city council asking the Dominion government to take immediate steps for the deportation of all enemy aliens by a large representative meeting of delegates from practically every public body in the city. At a gathering held in the city hall this afternoon the only difference of opinion existing over the resolution was as to whether it should be made to include Asiatics as well as enemy aliens. Upon Mayor Gale's explanation that another meeting was to be held Tuesday afternoon to deal with the question of Asiatic immigration alone, the original resolution as passed by the city council was unanimously endorsed.
