

Border Guards Warned to Debar Alien Sects

As a result of an order-in-council signed Thursday afternoon by the governor-general, prohibiting immigration of Doukhobors, Mennonites and Hutterites into Canada, immigration inspectors at border points in Manitoba were instructed today to debar entrance of such sects.

Instructions from the Winnipeg office of the Dominion department urged inspectors to use utmost vigilance in enforcing this regulation. The order-in-council declares these sects to be undesirable and opposed to assimilating Canadian ideals of citizenship.
