

WINNIPEG "VETS"

WAIT ON PREMIER

Norris Wires Ottawa Their Demands Over Aliens.

WINNIPEG, May 3.—Acting upon suggestions thrown out by the delegation of returned soldiers which waited upon the Government, Thursday night, Premier T. C. Norris today sent the following wire to acting Premier Sir Thomas White and Hon. Arthur Meighen, as acting Minister of Justice: Deputation of returned soldiers waited on this Government and urged immediate internment and deportation of alien enemies; also want all property belonging to aliens confiscated and

sold, and the money applied to or-
phans' and widows' fund. Strong
speeches were made. Great discon-
tent among returned men, owing to
presence of so many alien enemies.
Very insistent that something be
done."
