

SERVES IN ARMY BUT IS INTERNED WHEN HE RETURNS TO HOME

TORONTO, Oct. 21—To have enlisted at the outbreak of the war and served in the first Canadian contingent overseas; to have spent six months in the front lines, then returned to Canada, given an honorable discharge, and a service button and to have been immediately arrested as an enemy alien, placed in an interment camp and threatened with repatriation to his original country, Bulgaria, where he will be liable to undergo the death penalty for having served in the C.E.F., is the remarkable record of D. Joroff, an un-naturalized Bulgarian, as he tells in a letter from the Kapuskasing interment camp to the provincial secretary, W. E. Turley, of the Great War Veterans.

The G.W.V.A. will take the matter up with the authorities.
