

MAKE CANADA U.S. BACK DOOR

Undesirable Aliens Attempt to Slip Past Immigra- tion Officials

STEAMSHIP CO'S WARNED

(Staff Correspondence of The Globe.)

Ottawa, Sept. 5.—So many Euro-
pean immigrants, mainly Poles and
Russian Jews, have been attempting
to enter Canada in contravention of
the regulations, that the Department
of Immigration has sent peremptory
cables to the steamship companies,
warning them against bringing any
more of this class of immigrants.

Immigrants from Europe are not
barred where relatives send them
prepaid tickets, or if they come from
their homes on a continuous jour-
ney. The majority of them, how-
ever, have not come direct, and a
great number simply intend to use
Canada as a back-door by which to
evade the United States restrictive
regulations. Most of those who in-
tend to remain in Canada are booked
for the big cities.

So many have been turned back
of late that the department has
warned the steamship lines to con-
duct examinations on the other side
to prevent this wasteful manner of
dealing with ineligibles.

Those sent back return at the ex-
pense of the steamship companies.
