

Says Bolshevism Rife Among Western Miners

(Special Despatch to The Globe.)

Hamilton, Dec. 8.—Rev. C. E. Manning of Toronto, in an address at Centenary Church, said that the rankest Bolshevism and Socialism was rife among the miners of Western Canada. He said the failure to Christianize the foreigners in Canada was due to the fact that they did not receive their interpretation of Canadian life from Christian people. They were the prey of unscrupulous business men and sharpers. There was such an influx of immigrants that eleven additional ships had been placed on the St. Lawrence route, and there was a danger that they would isolate themselves, if only to protect themselves from sharpers. Rev. Dr. Spurling, pastor of the church, presided.

LAMBTON SUBURBAN ROADS.

Sarnia, Dec. 8. — (Special.) — A recommendation that work be commenced next year to make a portion of the suburban roads permanent, was contained in the report of the Suburban Road Commission for the year ending Dec. 3, presented to the Lambton County Council at to-day's session. The first meeting of the commission was held on Oct. 8, when J. Smith was appointed Chairman and John A. Baird Secretary and Engineer. The section of road running north from Exmouth street, known as the Erro road, comprising about three and a quarter miles, was assumed and designated as a suburban road and has been graded and gravelled. The appropriation was reported as follows: \$1,000 from the city of Sarnia, \$1,000 from the county of Lambton, and \$1,333 from the Province, making a total of \$3,333. The expenditures were listed as \$1,189.72.
