

## INTERNEED MEN FOR AMHERST.

---

About 150 Austrians and Germans who have been interned left by train yesterday for Amherst in charge of a guard of soldiers. The escape of one of the interned men here recently is reported. Plumbers had been at work near where he was imprisoned and taking advantage of an opportunity he smooched his face over a bit took up a plumbers kit while the owner's attention was diverted in another direction and walked out, the sentry thinking him one of the plumbers.
