

DENIES REPORT OF STRIKE ON GOVERNMENT ROAD

According to A. E. Warren, chief operating officer of the Canadian Government Railways, there is no foundation for the report that laborers employed in tearing down the old I. C. R. shops at Moncton have quit work and that interned alien enemies from the detention camp at Amherst have taken their places.

On being apprised of the report Mr. Warren immediately telegraphed to the General Manager of the C. G. R. at Moncton for particulars. The official replied that he was not aware of a strike and that there was no trouble in regard to the work being done by interned men.

Mr. Warren stated that interned men were being used at different points on the C. G. R. system but they were also being employed by other railways.
