

TORONTO BOARD OF CONTROL ORDERED ALIENS DISMISSED

**Germans, Austrians or Turks in
Civic Employ to be Discharg-
ed Immediately.**

ORDER MADE YESTERDAY

**German Reservist Who Had Been
Employed with Works Dept.
Affected by Order.**

Toronto, Nov. 14.—Peremptory orders were given by the board of control yesterday to the chief civic officials to immediately discharge Germans, Austrians or Turks they have employed in their respective departments. This was the outcome of a strong protest made by Alderman McBride against the retention of Dr. Kohlman, a German reservist, in the works department. The doctor has been employed as an engineer on drainage work for the past two years, and Works Commissioner Harris gave him a very good character, saying he had retained him in the department after consultation with the police and military authorities. When the war broke out, Dr. Kohlman was put on parole and reported to the authorities regularly.

Within half an hour after the passage of the board's order Dr. Kohlman quite the service.
