

WANTS TO LEAVE CANADA

Prof. Penzinger, of Toronto, Has Princeton Post

Toronto, January 15.—Professor Immanuel Benzinger, late Professor of Oriental languages at the University of Toronto, who on account of his German nationality was given leave of absence and later resigned his position, today appeared at the office for the registration of aliens, and applied for a permit to leave Canada. He stated that he intended to go to Princeton University, but was non-committal on the position he was to take. The registrar will deal tomorrow with the application.
