GIRL LEFT PENNILESS BY FATHER'S DEATH

PATHETIC CASE OF MARY YOUNG —FATHER ADDICTED TO IN- TOXICANTS.

Through the death of her father, which is said to have been brought on by the excessive use of intoxicants, Mary Young, aged fifteen, rooming at 22 Buchanan street, has been thrown upon her own resources and has been left, as far as the police could learn last night, friendless and penniless.

Pathetic circumstances surround the death of her father, Albert E. Young, aged 60, a silk salesman employed by the Robert Simpson Company. The girl's mother has been confined for some time in an asylum. After the confinement of the mother Young and his daughter obtained two rooms in the attic of the Buchanan street house.

The girl did the housekeeping and attended school while her father was working in the departmental store. Young, according to the police, was under the influence of liquor on Saturday. The girl says that after he entered his room on Saturday night she did not see her father until late Sunday afternoon, when he failed to appear when she called him for a meal. When she entered his room he was sitting in his chair. Failing to arouse him, she sought assistance.

The doctor stated that Young had been dead some time, and that death had been caused by heart failure. He stated that he was not surprised to hear of his death, knowing the man's habits and having attended him on previous occasions.

The child was taken care of by other roomers in the house. The body was sent to the Morgue to await claimants. An inquest is not likely.

More Aliens en Route to Forest at Hearst

Two coaches bearing one hundred and thirty Austrians and Germans, alien enemies, passed through the city last night, en route to Hearst. They were met at the Union Station by Major-General Otter and several officers of the local volunteers regiments.

A guard from Kingston was relieved by a guard from the 48th Highlanders, which will watch over the aliens to their destination. The two cars were attached to the G.T.R. Cobalt train.

NEED ANOTHER GRENFELL.

Rev. Dr. Chown Pleads for the Indians.

"We want a Wilfred Grenfell for the west, who will devote his eloquence to pleading the cause of the lonely man on the waterways of British Columbia, which offer greater opportunities than Labrador," said Rev. Dr. Chown, speaking of "The Inside of Home Missions," at Broadway Tabernacle yesterday morning. He said that the Indian had the first claim on Canada's missionary efforts.

AN AUTHOR TO THE FRONT.

A despatch from Salisbury announces that Mr. Charles G. D. Roberts, the well-known Canadian author, has been given a commission in the Royal Artillery. Mr. Roberts went to England with the Legion of Frontiersmen, an organization of enthusiastic volunteers who paid their own way. Mr. Roberts, who is a native of New Brunswick, has made a name for himself both as poet and novelist. His poetry is marked by much feeling, and includes some verses of a highly patriotic character. His stories, like much of his poetry, breathe the charm of outdoor life and in some cases he has revealed a
