Grand Jury Finds True Bill Against Emil Nerlich

Toronto, February 8.—At the criminal assizes this afternoon the Grand Jury found a true bill against Emil Nerlich, who was recently committed to the police court on a charge of high treason in assisting an alien enemy to leave the country, and was released on \$100,000 bail. A further true bill on a charge of conspiracy to commit high treason was found against Nerlich and his wife, and both were arrested on bench warrants. They appeared in court this afternoon and were released on \$150,000 bail. The trial will probably commence on February 22.
