

Toronto's Smoke Line May be Eliminated

Toronto's smoke line is to be eliminated if the city has its way, so far as the Grand Trunk and Canadian Pacific Railways are concerned. Property Commissioner Chisholm has been making investigations and finds that the railways and big manufacturing concerns can carry on their respective businesses without creating objectionable black smoke, and is therefore seeking a decision of Council to send the City Solicitor to Ottawa with an application to be placed before the Dominion Railway Board for an order that the big firms use a special kind of fuel.

FIVE ALIENS INTERNED.

Five aliens were interned yesterday afternoon on the orders of the Registrar of Alien Enemies, two because they had no visible means of support, and three on account of their desire either to leave Canada or to reach points close to the United States border. They were Richard Menzel, aged 19, 181 Berkeley street; Jack Erban, an Austrian laborer, 123 Edwin avenue; Michael Lopuszuski, Wasyl Moshuk and Pete Grouhk, Austrians.

R. C. D.'S WANT RECRUITS.

The depot squadron, Royal Canadian Dragoons, Stanley Barracks, has been ordered to furnish a draft of fifty officers, N.C.O.'s and men to reinforce the Royal Canadian Dragoons now in the trenches. The depot squadron, Royal Canadian Dragoons, will proceed to Niagara Camp about the middle of July, there to carry out the training for further overseas drafts. Any ex-cavalrymen or other trained men in other branches of the service, as well as men found physically fit and up to the required standards, should report at Stanley Barracks for enlistment.
