

SUGGESTION MADE FOR MASS MEETING

Archdeacon Ingles Puts in Resolution That Aliens Be Paid \$1.10 a Day

Mayor Church received a letter Saturday from Archdeacon Ingles, regarding the mass meeting the Mayor announced he would call in which he suggests the following resolution might be put to the gathering:

"That this meeting of citizens of Toronto calls upon the Dominion Government to require that all alien enemies working in munition or other factories in the Dominion be paid the sum of one dollar and ten cents per day, and that the balance between this sum and the full amount of their current wages be paid to the Government to be used for the purposes of the war."

The Mayor said that he had not yet decided on what date he would call the meeting.

Another claim for damages on account of destruction of property has been received by the city, from Mr. C. M. Webb, owner of the restaurant at 271 Queen street west, conducted by Jordan Bajis. The amount of the damages is not fixed.

Mayor is Indignant.

Mr. Hartley Dewart's statement that the Mayor's conduct during the recent disorders might be investigated caused considerable indignation on the part of Mayor Church.

"Although I am a Commissioner," said his Worship, "I have had practically nothing to do with the administration of the Police Force. The chief has always been given a free hand. The Police Board is only one of the fifteen boards of which I am a member by virtue of my office. The police receive their instructions from the chief, the acting chief and their own inspectors, who have full control of all matters of administration and are given a free hand entirely. There will be no meeting of the Police Commissioners until September, when Judge Winchester and Col. Grasset will be back. The board will then deal with all complaints that have been received. So far there have not been very many."

The legal firm of Dewart, Harding, Maw and Hodgson, who have been retained to act for the G. W. V. A. and others at the investigation which has been promised, are advertising asking for eye-witnesses of any of the occurrences to communicate with them so that all the facts may be obtained.
