

Jasper Camp For Prisoners

Alien Enemies Interned at Brandon to be Quartered in Jasper Park.

Captain Palmer, of Ottawa, is in the city, having just returned from Jasper, where he was completing arrangements for the erection of buildings to accommodate prisoners who are now in the internment camp at Brandon.

The houses will be of log, and there will be a sufficient number to accommodate 200 prisoners, as well as quarters for a military guard of 75, with officers' quarters, etc.

As soon as these are erected the prisoners will be transferred to their new quarters, where they will be put to work making roads, etc.
