

# INTERNMENT CAMP AT JASPER PARK IS NEARING READINESS

---

## Force of 24 Men Preparing District to Receive 200 Alien Enemies

---

It will probably be three weeks before the internment camp at Jasper Park is ready to receive the 200 alien enemies who will be detained there until the close of the war. A force of twenty-four men are now busy at Jasper constructing the bunk-houses, living rooms and other buildings required and will not complete their labors for at least two weeks.

Up to this time no official notification has been received from Ottawa as to the commandant of the camp, but it is still practically assured that Maj. A. E. Hopkins will be in command.
