

# TWO ESCAPE FROM DETENTION CAMP

---

Lethbridge, June 16--Two German prisoners escaped from the detention camp here last evening, almost before the eyes of the guards. The men had just been brought into the compound when the guard turned to report to the officers. On returning it was found that two Germans had climbed the fence and were beating it. They were thought to have spent the night at Hyssop's bottom, but though many clues have been followed by the mounted police, not a sight of the men has been found.
