

# INTERNMENT CAMP SOON TO CLOSE

---

## Aliens Going East and West on Public Work According to Major Coleman

---

The internment camp will soon be closed. At least this is what Major Coleman, in charge of the camp, admitted to The Sun today when spoken to over the telephone in reply to a query following a rumor heard downtown. Major Coleman says the men are going out on construction work, some east and some in British Columbia. There is also the likelihood of some of them going on the work of making a good road between Brandon and Carberry. At any rate the aliens will not be quietly resting at the Arena many more weeks.
