

## APPRAISING DAMAGES TO WINTER FAIR BUILDING

---

The inspection of the Winter Fair Buildings in connection with the claim made by the Winter Fair Board for damage done to the property through the occupation of the building by the alien prisoners of war, is being made this week.

Major Hawker, of Winnipeg, is making the inspection. He arrived here on Monday and has made considerable progress with the work. A meeting is in progress at the Prince Edward hotel this afternoon with the representative of the Department, and the officials of the Winter Fair Board in attendance.
