

JOBLESS LEADER IS NOW INTERNED

During the past few days many aliens have been sent to Brandon to be interned until the war is over. Officials at the registration office refuse to give particulars, but admit the population of that camp is being rapidly increased.

Among those sent to the camp was the erstwhile leader who appeared with the mob in front of the city hall yesterday. He was arrested by the city police and then it was discovered he was an unnaturalized Austrian. He was handed over to the registration officials and sent to Brandon.
