

GERMAN LEADER OF ALIENS IN WINNIPEG NOW INTERNED HERE

Winnipeg, April 22—It is understood in militia circles that the concerted movement of the alien residents of the city, subjects of the "enemy" country, who tried yesterday to start some excitement around the parliament buildings was brought about by one energetic leader, a German.

The militia authorities took no part in the dismissal of the mob, but a demonstration of their alertness was verified last night when this obnoxious German found himself on the train en route to Brandon.

When the leader found that the arms of the militia law enfolded him he was most apologetic and begged to be allowed to add his name to the alien register and even promised to become a Canadian citizen if given his freedom.

This man will be given a chance to review his plan of campaign and whatever new war tactics may filter through his brain, as he will remain in Brandon until the war is over.
