

# Refusing To Register Germans Are Interned

---

Unnaturalized Germans, Austrians and Turks to the number of 14,457 have registered at 112 Colony street. Those who fail to register are being interned and several have been sent to the camp at Brandon. So far no word has been received regarding the establishment of an intern camp in Winnipeg. The authorities here have written Ottawa several times pointing out the necessity for such a camp, but no definite reply has been received.
